TRINITY COLLEGE.

This College has no medical, law, divinity, or other professional school or department connected with it; but is intended to give a Liberal Education, adapted to fit young men to enter most advantageously upon the study of the Learned Professions after graduation. By a Liberal Education, is meant a non-professional education conducted without reference to any future particular profession, calling, or special pursuit on the part of the student in question, and designed not to make men specially clergymen, lawyers, physicians, soldiers, merchants, or engineers, but so to train and educate the mental faculties as to put them into the most efficient condition, and to qualify a student to enter with success upon the study of any of the professions, or upon any other pursuit in life. Its course of study is similar to that pursued at Harvard, Yale, and other leading Colleges, but somewhat more conformed to that of Oxford and Cambridge.

Those students however who wish to obtain simply the degree of Bachelor of Science can do so by taking the whole of the regular course except the Greek, and in addition certain prescribed scientific studies. Special students are also sometimes received, who are allowed to pursue their studies without reference to any degree.

EXPENSES.

The annual expenses, exclusive of clothing and books, are from \$250. to \$450.

SCHOLARSHIPS.

There are numerous Scholarships that secure the remission of tuition; others the remission of all College charges; others which yield a pecuniary income varying from \$60 to \$300. The Society for the Increase of the Ministry offers Scholarships yielding from \$200 to \$300. The Church Scholarship Society makes loans, without interest, of \$100 per annum. The doors of the College are shut against no deserving student for the want of means.

EXAMINATIONS FOR ADMISSION.

These take place on MONDAY and TUESDAY, JUNE 26 and 27, 1876, also on TUESDAY and WEDNESDAY, SEPTEMBER 12 and 13.

COMMENCEMENT IS THURSDAY, JUNE 29, 1876.

THE NEW BUILDINGS.

These buildings will be erected from plans prepared by Mr. W. Burges, the well-known English architect. They are to be arranged upon the general plan of three courts, of which the central court will be double the size of the others, and have an extreme inside length of 628 feet. All the courts will for the present remain open on the east side; the western and northern sides of the great court, are the portions that will be erected first. For these buildings the Trustees at a recent meeting have appropriated \$300,000. They will be finished and ready for occupancy in 1877.

CATALOGUES.

Catalogues and Examination Papers may be had on application to the Secretary of the faculty, Rev. Prof. Hart. For Scholarships and general information, application should be made to the President, Thomas Ruggles Pynchon, D. D.

EDITORIAL.

As we are called upon to take the editorial chair, we cannot refrain from offering a few apologetical remarks. In getting out this number of the IVY, we intend to make several important changes in outward appearance, and also in the internal arrangement.

It has always been the custom to have a green cover with gilt letters and decoration. We must say that this we have never liked, and that it is our intention to change it, whether for better or worse each of our readers will judge for himself

The inward appearance will be altered slightly in topography, but chiefly in arrangement. Class Criticisms have seemed always to us to be useless pieces of labor, breeding naught but ill feeling. We therefore leave them out. Lastly, it is our intention to make the IVY as complete a reference book as possible on all matters connected with the college.

With these two objects in view, we shall present our readers with a book which we hope will please the minority if not the majority.

GYMNASIUM RULES.

1. The Gymnasium is for the use of the students of Trinity College alone, and no strangers will be admitted except by invitation and permission of the four Directors. Small boys are not allowed in the gymnasium, under any circumstances.

2. The Athletic Association has, under the sanction of the Faculty, entire control of the Gymnasium at all hours. The apparatus of the Gymnasium is reserved for the use of the members of the Athletic Association, between the hours of 5.30 and 6.00 P. M., and from 8.00 to 10.00 P. M.

3. The rowing weights are reserved exclusively for the different crews between the hours of 12.30 and 1.00, and 5.30 and 6.00 P. M. and A. M.

4. The apparatus can only be used for the purpose for which it was designed, and no abuse of this rule will be allowed, under any circumstances.

5. The Gymnasium shall be kept locked at all hours.

6. The gas will be turned off every evening at 10 o'clock.

7. Ball-playing of any kind is strictly forbidden.

8. No smoking is allowed during the hours of exercise, and chewing is positively forbidden at any time.

9. The students are earnestly requested not to disfigure the walls.

10. The students are further requested to give notice to the Directors when they have any suggestions to make concerning repairs, etc.

11. The students are also requested to assist the Directors of the Gymnasium in preserving order, and in keeping the Gymnasium, with its apparatus, in good condition.

VALEDICTORY.

Shout ye editors! Howl in your wild hilarity! Ring out with your mad huzzas, for at last, after months of trial and tribulation, the IVY is finished. Ah, who but a former editor can imagine the satisfaction with which these words are uttered! Look at our thin and emaciated forms; look at our wan and careworn features, our dazed and troubled eyes, and then can ye ask, are we glad our work is completed? But to our purpose.

Another year has run its course since the IVY of '76 was first presented to our eager eyes; a year full of life and growth and important events in the history of our dear old Alma Mater. Gradually she is raising her head and asserting her right to a place among the foremost in the ranks of American Colleges. The long talked of new buildings are now fairly under way, and we venture to assert that the time is not far distant when Old Trinity will be pointed to as the possessor of one of the finest specimens of architecture in the land.

In regard to athletic sports, if we have not advanced much, we have, at least, not fallen behind our former good record, and, although we may not be represented in the intercollegiate contests as extensively as some of the larger institutions, an active interest is still maintained by our college, the results of which will be shown, we trust, in future victories. Our base-ball prospects were never better than to-day, and our boat crew is merely holding back, owing to a more serious run of ill-luck than usual.

But amid all this growth and prosperity, the past year has not been unmingled with sorrow, for

"Death has been silently moving
Among the ranks of our band,"

and the soul of one dear and beloved companion has been called to its eternal home. This is no place for, nor does the character of Harry Cameron want for any eulogy, but his memory will ever remain fresh and green in the hearts of all who knew him.

And now you, men of '76, who for three short, happy years have been so intimately connected with us, and who are now so rapidly nearing the termination of your college course, to you, in behalf of '77, we bid a hearty God-speed. And to the college in general, to whom we look for support in our endeavors, hoping that you will be lenient in your criticisms, appreciative of our efforts, and liberal in your patronage, we bid you one and all

FAREWELL.

Our Spectacles are unequalled by any for their Strengthening
and Preserving Qualities.

Too much cannot be said as to their SUPERIORITY over the ordinary glasses worn. There is no *glimmering, wavering of the sight, dizziness*, or other unpleasant sensation, but on the contrary, from the perfect construction of the Lenses, they are *soothing and pleasant*, causing a feeling of relief to the wearer, and

PRODUCING A CLEAR AND DISTINCT VISION,

As in the NATURAL HEALTHY SIGHT. THEY ARE THE ONLY SPECTACLES

That Preserve as well as assist the sight !

And are the CHEAPEST because the BEST, always lasting MANY YEARS without change being necessary.
